"The undersigned is an officer of the insurer responsible for reporting investments to the SVO and/or with performing all filings with appropriate state regulatory officials and the NAIC and is therefore required to be familiar with the requirements of such filings. The undersigned officer certifies that, to the best of his or her knowledge, information, and belief, all prices or NAIC designations for the securities reported in this statement have been obtained directly from the SVO except as specifically identified below. The officer further certifies that, to the best of his or her knowledge, information, and belief, since the last filing of a quarterly or annual statement:

- 1. All securities previously valued by the insurer and identified by a Z suffix have now been submitted to the SVO for a valuation or disposed of by sale or otherwise with the result that all prices and NAIC Designations reported in this statement have been provided by the SVO, except for new purchases identified in Schedule D and DA with a Z suffix or items submitted but not yet processed by the SVO.
- 2. Any newly purchased securities now identified with a Z suffix shall be submitted to the SVO within 120 days of purchase.
- 3. All necessary information on securities which have been previously designated NR (not rated due to lack of current information) by the SVO have either been submitted to the SVO by the insurer for a valuation or disposed of by the insurer.
- 4. All material issuer events (as defined below) have been reported to the SVO."

A material issuer event is a generic or transaction specific credit event of which the insurer is currently aware, which by its nature would signify to a reasonably prudent insurer that a material change in the credit quality or price of the investment or security has occurred.

As an illustration, and not by way of limitation, the following shall be deemed to constitute material issuer events:

- a. Recapitalizations or capital restructuring whether within or without Chapter 11 of the US Bankruptcy Code;
- b. Nonpayment, deferral, or payment in kind through waiver of any principal or contractual interest payment;
- c. Any change in the maturity of a security;
- d. Changes in the lender's collateral position, including releases of collateral, or the taking of a collateral position whether by operation of negative pledge covenant or otherwise;

e. Events of a like character or of a like e	ffect, which would be considered material to an investment professional
